

COUNT WITTE'S OUT OF OFFICE

Official Announcement of the
Premier's Retirement in Of-
ficial Messenger.

RESCRIPT OF THE EMPEROR

ILL HEALTH ASSIGNED AS THE
CAUSE.

St. Petersburg, May 5.—The official announcement of Count Witte's retirement from the premiership, the retirement of M. Durnovo from the ministry of the interior, and M. Goremykin's elevation to the premiership appeared today in the Official Messenger. The names of the other members of the new cabinet were not gazetted. It is asserted that one or two are hesitating, notably M. Ivolosky, curator of the St. Petersburg high schools and university, who has been named for foreign minister, knowing full well that the cabinet is a make-shift power to let Witte and Durnovo down. The usual rescripts do not contain the slightest suggestion of the emperor's displeasure. On the contrary, the rescript to Witte puts the motives for his retirement in the best possible light, accepting the excuse of ill health at its face value.

Witte Decorated.
The whole tone of the rescript is extraordinarily cordial and beside it confers on Witte the Order of Alexander Nevsky, set in brilliant. It is the second highest decoration in Russia. Witte also retains his title of count, and is appointed a member of the council of the empire, or upper house of the new parliament, and remains a secretary of state. Durnovo, in giving up the ministry of the interior, becomes a secretary of state, retains the dignity of senator, and is made a member of the council of the empire. In his farewell rescript to Witte under today's date, the emperor says:

Compliments for the Count.
"In consequence of the state of your health, which has been impaired by your arduous labors, you have been obliged to ask to be relieved of the functions of president of the council of ministers. When I summoned you to this important post for the purpose of carrying out my intentions in regard to inviting my subjects to partake in the legislative work, I was convinced that your proved capacity as a statesman would facilitate the new electoral institutions. Thanks to your perseverance and enlightened action, these institutions have now been called into existence and are ready to be opened despite the opposition of the revolutionists against whom you have displayed your usual energy and decision. At the same time you were able on account of your experience in financial questions to cooperate in placing the resources of the state on a sound footing by assuring the success of the new loan. In according to your request to be relieved of your function, I cannot but express to you my heartfelt gratitude for the many services you have rendered."
NICHOLAS.

Gratitude to Durnovo.
Another rescript of the emperor conveys his sincere gratitude to Durnovo for his "useful and patriotic services" when the enemies of public order were striving to disturb the "peaceful course of public life," and he retired the retiring minister that he continues to be well disposed toward him.

The members of both houses of the legislature have received invitations to attend the ceremony at the Winter palace, May 16, at which the emperor will be present on the occasion of the opening of parliament. Despite the government's evident desire to prevent the explosion of popular expressions by making a scapegoat of the Witte cabinet, in holding it responsible for the repression of the last few months, the members of the assembly involved in the withdrawal of the fundamental laws, the liberal papers are extremely suspicious of the late Von Plehve, who is held to be responsible for the oppression of the provincial authorities, and Prince Shirinsky Shakhmatoff, the assistant of the former procurator general of the holy synod Pobednosteff. Even the Nobor Vrefiya says it is useless to attempt to claim that M. Goremykin is more liberal than Witte.

The paper expresses the belief that Witte is only temporarily eclipsed, and says the country cannot afford to dispense with the services of a man of his ability.

WORKING IN THE DARK.
Dominant Party in Russia Being Secretly Directed.

St. Petersburg, May 5.—At today's session of the convention of constitutional democrats the radical wing protested violently against the attempt of the moderates, who control the central committee of the party, to secretly direct the tactics to be followed in parliament. The members of the Volga provinces and South Russia made particularly inflammatory speeches, insisting that the party should play with hands above board and not adopt half-way measures.

Bodeney, a member from Yaroslavl, declared that parliament must legalize the revolution.

Every radical sentiment was applauded, but the indication was that in the end the moderates, who comprise nearly all the leaders, will gain a victory.

These numbers were handed our reporter who visited the salesroom of the largest retail vehicle and implement house in America today and, by the way, this is located on State street, and its number is 150. The numbers are no part of a Chinese puzzle or a lottery, but refer to automobiles on exhibition at Consolidated Wagon & Machine Co., three of which, the four-cylinder machines, are marvels of elegance and symmetry, while the work they accomplish and the ease of operation commend the "Rambler," made by Jeffrey & Co., Kenosha, Wisconsin, to any one having a desire to own one of the best 1906 models made, at a reasonable price. There will be 3,000 "Ramblers" made this year, exclusive of runabouts, and telegraphic advice from the factory says all are contracted for. Manager Oden took great pleasure in showing our representative through the State street premises, having over two acres floor space, and judging from the immense stock of implements, vehicles and farm machinery the title, "Leading Implement Dealers," is justly deserved.

Rambler Touring car 5817 was sold to Thatcher and Emise of Logan yesterday by Mr. Langton. This is the car with a record of 13,000 miles.
